PASSIVE PLUS, INC. NEW WEBSITE LAUNCH

Huntington, New York – June 2022

Passive Plus, Inc. (PPI) is excited to launch its brand-new **website**, www.passiveplus.com, with a sleeker design and a more user-friendly interface showcasing PPI's product offering and technical resources. Included on the website is a new engineering tool—C.A.P. or Capacitor Application Program, www.passiveplus.net. C.A.P. allows engineers to insert capacitor requirements (Cap value, Frequency) producing Scattering Matrices (S2P), ESR, Q & Impedance Charts, and data sheets according to the engineer's specifications.

Always committed to producing the highest quality product on the market, PPI maintains a fully equipped R&D and testing facility ensuring a wide range of superior High-Q Capacitors and Custom Assemblies. PPI works with requesting engineers to determine best assembly for their applications.

Datasheets, and Modelithics® generated S-Parameter (S2P) Data can be found at <https://www.passiveplus.com>. In addition, PPI's C.A.P. (Capacitor Application Program) is available at www.passiveplus.net. C.A.P. allows engineers to insert capacitor requirements (Cap value, Frequency) to produce S-Parameter data, ESR, Q & Impedance Charts, and datasheets according to the engineer's specifications.

PPI is known for their outstanding Customer Service, high quality product line, competitive pricing, and quick delivery times. While other companies are pushing out their lead-times for product delivery, PPI is committed to delivering our quality components as quickly as possible.

PPI is a manufacturer of high-performance RF/Microwave passive components specializing in High-Q, Low ESR/ESL Capacitors, Broadband Capacitors, Single Layer Capacitors, Non-Magnetic Chip Resistors and Thin Film Resistors, and Trimmer Capacitors for the Medical, Semiconductor, Military, Broadcast, and Telecommunications Industries.

PPI is ISO9001 certified.

Contact PPI directly at +1 (631) 425-0938 or sales@passiveplus.com for quotes, pricing, orders, custom requests or specific engineering questions.
